1. Recommend use by 12/31/05, based on time-sensitive industry comparison. Recommendation may not take into account all critical factors of specific businesses. 2. Microsoft® Word and Excel integration requires Word and Excel 2000, 2002 or 2003 Business software applications, including Microsoft products, sold separately. For a complete list of software that works with QuickBooks, visit the Solutions Marketplace at www.quickbooks.com. 3. Add-on services require subscription, EIN and Internet access for certain features, including tax table updates and direct deposit. 4. Online services vary among participating financial institutions or other parties and may be subjected to application approval, additional terms, conditions and fees. 5. No QuickBooks fees for using shipping features, but FedEx and UPS will charge shipping fees for packages shipped from within QuickBooks. Registration and agreement to terms and conditions required. 6. Registration may be required. 7. Internet access required. One 12-month single-user subscription of Remote Access, powered by WebEx, is included for customers who purchase and install any of the QuickBooks: Premier Editions 2005 software before 12/31/05. Subscription begins at time of software installation. Fees apply after 12 months for continued use and additional users. Terms subject to change. 8. Simultaneous use (up to 5 users) requires multiple copies of QuickBooks: Pro or Premier Edition 2005 and Local Area Network. Multi-user mode is optimized for Windows 2000 Server or Windows Server 2003 client-server networks and Windows 98(SE)/2000/XP peer-to-peer networks. Novell NetWare is supported but not recommended. 9. Multi-user savings based on the suggested retail price of 5 single-user licenses.
