Our History

Interior Development has become the leader in providing educational furniture solutions. We are a full-service dealer in several specialized select markets with Education being our # 1 market focus.

Interior Development has been a major furniture supplier in the Higher Education Market for 12 years in the states of Washington and Oregon.

Over the last year we have added highly experienced sales people in the K-12 market and, with our recent KCDA contract, we are now able to expand our services into the K-12 market.

We are the exclusive KI furniture supplier for this market and, with the other furniture lines that we offer, we have a very comprehensive product offering.

In addition to the furniture lines that we offer, we also have a full-range of other services that include:

- Installation Services
- Furniture Specification
- Space Planning
- CAD Services

Our Mission

Our mission is to be the most knowledgeable, most innovative and most reliable furniture supplier in the Education Market.
